Where Businesses Go To

Enhance Consumer Trust

Exceed Expectations.
Cultivate Growth.

Become a BBB National Programs National Partner.
Our goal? To enhance consumer trust in business. Major corporations and leading law firms join us in that mission as National Partners to demonstrate their commitment to consumer protection, corporate accountability, truth-in-advertising, responsible marketing to children, and data privacy compliance. The independent self-regulatory environment that we harness, develop, and grow helps foster industry-wide best practices that create a fair marketplace for business and a better experience for consumers.

Our National Partners demonstrate to stakeholders their commitment to transparency and accountability in the marketplace through:

**Setting Best Practices**
With National Partner input, we establish industry best practices tailored to enhance marketplace trust without the need for top-down new—or additional—regulations.

**Implementing Accountability**
Together, we put those standards into practice through the development and execution of self-regulatory programs that include built-in accountability mechanisms.

**Supporting Dispute Resolution**
Where necessary, we support businesses and consumers with efficient and effective dispute resolution programs.
Our Collective Impact

Working together, we send a clear message that we believe in:

Corporate Social Responsibility

Doing the right thing is paramount to your business and your customers.

Being a Team Player

Progress is only made through collaboration, commitment, and accountability.

Fostering Leadership & Influence

Industry growth and accountability takes leadership in industry self-regulation.

Let’s Stand Together

As a BBB National Programs National Partner, we promise you a seat at the table to discuss steps to grow existing self-regulatory programs, develop new programs to meet marketplace demand, and engage in policy and guideline discussions that will shape the future.
Five Decades of Impact

While BBB National Programs was established as an independent non-profit entity in 2019, our program teams have worked with industry leaders and government regulatory agencies since 1971 to establish the standards that guide best practices in advertising, privacy, consumer warranty issues, children’s marketing, and dispute resolution.

Our Programs:

- Monitor and enforce truth in national advertising
- Demonstrate respect for a consumer’s privacy preferences through data privacy accountability programs
- Manage corporate international data transfer compliance through monitoring, independent recourse mechanisms, and dispute resolution services
- Strengthen the direct selling industry through a dispute resolution mechanism established with a leading industry association
- Protect young children from inappropriate child-directed advertising and improper online data collection practices and (coming soon) work to foster teen privacy protection practices
- Ensure consumer disputes are heard and addressed through the largest vehicle warranty dispute resolution program in the United States
- Deliver arbitration services for customers of a leading telecommunications provider
- Address children’s nutrition and advertising challenges through self-regulatory pledge programs with leading food, confectionary, beverage, and quick-service restaurants
- Learn more about our programs
Our unique and valuable programs exist because responsible business leaders are ready to go from words to action, demonstrating transparency and independent accountability.

In addition, our 501(c)(3) foundation, the Center for Industry Self-Regulation, incubates new programs.
